

Item411 June 2026 Update

Industrial Data Now Available

We have added a new industrial data option for distributors of industrial products. These new products and competitive sources are available under our sister site Supply411. Contact sales@opsoftware.com for more information.

New Industrial Wholesalers Added:

Global Industrial

In conjunction with our new Industrial site Supply411, we now have all the Global Industrial content and competitive data that can get you selling Global Industrial products tomorrow! Contact sales@opsoftware.com for more information.

Alliance Distribution

Alliance Distribution, a national industrial products wholesaler, is now available under our Supply411 site. The complete product offering, including content, is available along with competitive data. Contact sales@opsoftware.com today to get selling these products!

MSC Industrial

MSC Industrial is a national seller of industrial products. We have both the content and competitive data that can get you selling these products faster than any other provider! Contact sales@opsoftware.com today to get selling these products!

New Office Products Wholesalers Added:

Synnex

Synnex is a national wholesaler of computer related products.

Educators Resource

Educators Resource is a national wholesaler of school products.

ODP

ODP is a national wholesaler of office products designed for drop-ship dealers.

New Competitive Sources Available

We have a new eTail source representing the many online sellers of office products. This source represents a typical price of a nationwide online seller of office supplies.

Contact sales@opsoftware.com for more information.
